

Ezi Services Rate Chart

Introduction

The Ezi Services Rate Card contains two Rate Tables:

- The **EziSite Rate Table** - it lists the charges for the ongoing Ezi123 Solutions charges.
- The **Ezi Support Services Rate Table** - it lists the hourly rates for support.

EziSite Rate Table – Australian Dollars

As a rule of thumb, the charges for an Ezi123 Solution equate to:

- A\$20.00 per month fixed service charge for low users of any Ezi123 Solution
- A\$30.00 per month fixed service charge for high users of any Ezi123 Solution
- A\$0.005 cents per page hit
- A\$0.30 cents per web page, web page template, security role or folder update
- A\$0.20 cents per file upload (plus 20 cents per additional Mb)
- A\$0.02 cents per file download (plus 5 cents per additional Mb)
- A\$0.22 cents per new member registration

When your site is activated you automatically receive a \$200 pre-paid balance to cover site setup and the first few months usage. As you use Ezi123 Solutions, your usage is automatically deducted from your pre-paid balance, including any email accounts charges and domain names renewals.

When your balance reaches its recharge point (the default is A\$30.00), you will be notified and you then need to recharge your prepaid balance, which you can do online by credit card or by sending a cheque or money order.

If you wish to save money you can subscribe to the High Traffic and/or High Admin plan option.
